

This agreement is between the Purchaser and the Breeder noted on Page 1 of this Puppy Purchase Agreement. The Purchaser is purchasing a Labradoodle puppy from the Breeder. This puppy is being sold as a companion pet never to be bred/reproduce.

Litter Date of Birth:

Dams' Name:

Sires' Name:

1. The purchase price of this puppy is \$3,000.00 plus \$210.00 RI sales tax. Both amounts are in USD. Both of these amounts are to be paid in full at least fourteen days prior to Purchaser receiving the puppy. **A \$500 non-refundable deposit which will be applied to the future balance, as well as a completed puppy application that has been accepted by the Breeder is required to reserve a puppy.**

All puppies are spayed or neutered at 7-9 weeks old while still under the care and supervision of the breeder.

2. If by chance the puppy suffers a serious illness or injury prior to leaving the Breeder which will affect the quality of the puppy's life, Purchaser reserves the right to receive a full refund for any deposit or amount already paid to breeder for said puppy (not to exceed \$3,210.00) or receive a replacement puppy from the next available similar litter. At breeder's discretion a veterinarian's verification of said illness or injury may be required.
3. Puppy will have been micro-chipped prior to leaving the Breeder. Breeder will register puppy with the ALAA with a name selected by Breeder unless Purchaser has chosen a name for said puppy prior to ALAA litter registration which is typically done by 9 weeks of age. Breeder will forward ALAA registration paperwork to Purchaser once it is accepted, and received by the Breeder.
4. Although multigenerational Labradoodles are known to be allergy friendly, it is understood that your puppy "may" have a completely non-shedding or low shedding coat. There is no guarantee that all puppies/dogs will have a non-shedding coat although it is very likely.
5. Breeder reserves the first rights to retain breeding stock from any given litter.
6. Due to the unpredictability of litter size, litter timing and Mother Nature, if for any reason we are unable to fulfill your puppy reservation from the above described mating, purchaser's deposit will be rolled over to the next available upcoming similar litter.
7. Our return/rehome policy is as follows...
 - 7-1. In the event that the Purchaser needs to immediately rehome dog, Purchaser agrees to ship or deliver puppy to Breeder at Purchaser's expense.

- 7-2. In the event that re-homing the dog is not an emergency situation, Purchaser agrees to keep the dog until the Breeder can find a new home for the dog. This is a much better situation for the dog, so that it only needs to make one transition.
- 7-3. Upon rehoming the dog, Breeder agrees to refund any proceeds (minus any expenses that are incurred by Breeder for the dog during the re-home process ie: training, boarding, vet care, grooming etc..) from the re-home to the original Purchaser. If re-homing does occur Breeder will not keep any proceeds (minus any expenses) acquired from the new/second Purchasers but original Purchaser (signature below) is not in any way guaranteed reimbursement of any funds.
8. Purchaser understands and agrees to our rehoming policy (stated above as well as in Highland Beach Labradoodles Health Guarantee). If for any reason, at any time you are unable to keep your dog, we require you to contact us immediately. We will either ask you to return the dog to us, or will assist in rehoming him/her for you.
9. By purchasing this dog, I accept all ownership responsibilities and all liability of personal injury resulting from any type of action and/or bites from this dog. Purchaser agrees to release Highland Beach Labradoodles LLC and the Breeder from any and all liability issues and/or damages to persons or property involving/resulting from this dog.

I have accepted the terms of this purchase agreement and also received and signed a copy of the Three Day General Health Guarantee and Two Year Genetic Health Guarantee provided to me by Highland Beach Labradoodles LLC.
